

The more things change...

Secure printing provides "big sales with healthy profits," as this Ennis ad from 1965 promises. That holds true today, whether you're selling Uncompromised Check Solutions to businesses, offering the latest General Financial Supply products to financial institutions or even using Northstar's high security documents. The bottom line is that Ennis' 99.97% MICR accuracy rate and wide range of document security printing is good for your bottom line!

Thanks for helping Ennis achieve 100 Years.
