

The more things change...

The right supply chain partner increases your sustainability and profitability! Save delivery time, shipping costs and increase your green effort with help from Ennis – your nationwide, nearby source for printing. Like this 1968 ad promises, having 48 nationwide facilities means local support and service in your market. As the nation's largest wholesale printer, Ennis wants to do what's right for the environment and our distributors.

Thanks for helping Ennis achieve 100 Years.

Now
Ennis dealers
can give
overnight delivery
to 97% of
all stock form
customers.

The other 3% may have to wait 48 hours.

Ennis Business Forms are sold only through you, the dealer. Never direct. And we give our dealers every competitive edge possible.

For example, We've built 13 full-line warehouses in just the right places all across the country. Now, 97% of all business forms sold in the U.S. ... are sold within 300 miles (an overnight truck delivery) of an Ennis warehouse.

So 97 times out of 100, Ennis dealers can take stock form orders today, promise delivery tomorrow, and keep their promise. That's a good way to keep customers. And get new ones.

These strategically located warehouses result in lower freight costs, too.

Give us your next order. We'll admit, though, that 3% of your stock form customers may have to wait as long as 48 hours for delivery. Stiff upper lip, dealers.
